Date Palm Blue Palm Sabal Palm Canary Palm	250	300
Wired Internet connection with router is available in addition to connection. (Applicable for any room)	150	

*Rates are priced per room, per day

Basic Wi-Fi will allow your attendees to retrieve and send e-mail and browse the Internet etc. Connect up to 2 devices running anywhere between 3-5 Mbps. This connection is shared so everyone gets a fraction of the bandwidth.

Enhanced Wi-Fi will allow your presenters and attendees to download large files in a short amount of time, stream video and audio and teleconferencing, etc. Connect multiple devices at once with speeds up to but not limited to 10 Mbps or higher with a dedicated SSID for the event.
