STORIED DESIGN

Thoughtful design details appear from floor to ceiling throughout, from the restored terrazzo floors, original brass hardware and soft pink Tennessee granite walls of Trade Room, to fresh new touches like geometric Art Deco millwork carved into the wooden guest rooms ceilings.

On display throughout Noelle is a hotel-wide art exhibition of portraits depicting over 100 lesser-known Nashville notables.

While Nashville is home to many iconic names known around the world, at Noelle we celebrate the “Nashvillians of Note” whose contributions have made an impact in our community in large and small ways. The Nashvillians of Note collection continues on each of the eleven guestroom corridors featuring an extensive portrait series through the works of local artists
